# En Mandril

seia cada dia  
al mateix lloc.

A prop del riu, entre les muntanyes,  
sota un arbre gegant,  
damunt d'una pila de pedres,  
**el podies trobar.**

Es passava el dia ajudant altres animals  
sense dir ni  
**una  
sola  
paraula.**

Tenia fama de ser  
el més savi de la manada  
tot i que  
**mai parlava.**

A vibrant illustration of a blue monkey with a long, flowing yellow beard and a pink butterfly. The monkey is looking towards the right with a thoughtful expression, its hand near its face. The background is a bright blue sky with white swirls and a green landscape at the bottom.

Amb la seva  
profunda mirada,  
**en Mandril**  
**era capaç**  
de fer desaparèixer  
**qualsevol preocupació.**

A large, grey rhinoceros with a pink nose and a yellow butterfly. The rhinoceros is looking towards the left with a surprised expression, its mouth open. The background is a bright blue sky with white swirls and a green landscape at the bottom.

I és que ell,  
**sense interrompre,**  
**sense distreure's**  
**i sense opinar,**  
simplement...  
**els escoltava!**
